- forskel på vokaler og konsonanter
- lydrette ord på fire bogstaver

1. I øverste række i kasse med nr. 1 skriver barnet det bogstav, der mangler i bogstavrækkefølgen. Lad barnet bruge bogstavplanchen til at finde bogstavet.
2. Er det en vokal eller en konsonant? Barnet sætter X.
3. Barnet skriver det samme bogstav i den gule cirkel i blomsten, hvor der står 1.
4. På de to hvide blade, skal der skrives et bogstav. Barnet bruger bogstavplanchen til at finde de to bogstaver ved at finde bogstav 1 på bogstavplanchen og derfra tælle det antal bogstaver, som står på bladet. Barnet skriver det bogstav, som han/hun kommer frem til på bogstavplanchen på de hvide blade.
5. Barnet skriver bogstaverne nederst. Bogstaverne danner et ord. Hvilket?
