## Fang sneboldene

### Formål:

- at barnet får gentaget og øvet bogstaverne
- at barnet får kendskab til bogstavernes forskellige typografier

Lad barnet finde det bogstav, som står øverst på siden. Barnet kan sætte X på bogstavet, eller han/hun kan dække bogstavet med en gennemsigtig brik. Brug evt. **rød** eller **blå** spillebrik i forhold til, om det er en vokal eller konsonant.

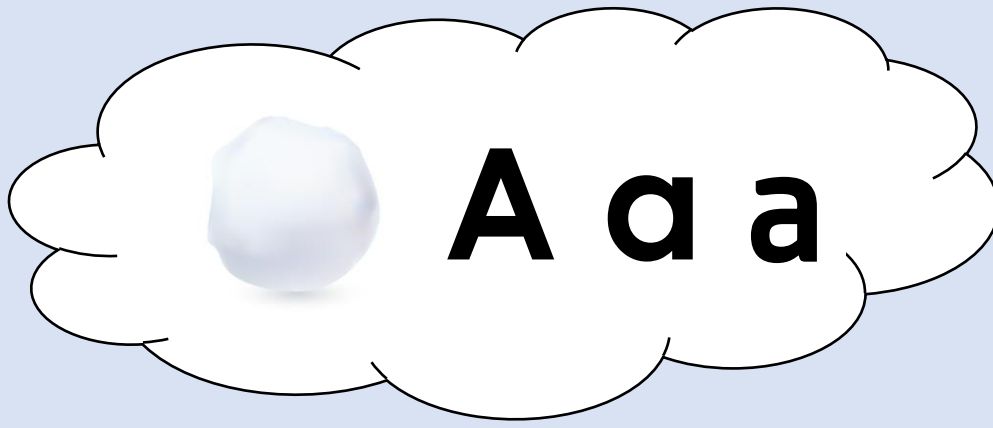

Man kan evt. laminere siderne, så de kan bruges flere gange og sætte prik med en whiteboard pen, som kan viskes ud igen.

### Variant:

### Formål:

- at barnet får trænet forskellen på vokaler og konsonanter

Lad barnet komme røde brikker på vokalerne og blå spillebrikker på konsonanterne.
